LAMBE CONCRETE

STATUES, ORNAMENTS, PRECAST

2023 PRODUCT CATALOGUE

Lambe Concrete

We are a family owned and operated business located in the heart of Prince Edward Island. Established in 1988 by John and Susan Lambe "J&S Ornamental Concrete" grew to be the leading supplier for all residential and commercial concrete precast designs in Eastern Canada.

In 2021 their son Trevor and his wife Kimberly re-branded the business as Lambe Concrete and are continuing the legacy of providing customers with the same experience as has been expected for the past 34 years. Lambe Concrete is located on the Trans Canada Hwy in Albany, just 6 minutes from the Confederation Bridge that connects New Brunswick.

All products are handcrafted and cast on site using contents from local suppliers. With over 1000 different items in stock their commitment to quality and craftsmanship is why customers return every year.

Lambe Concrete specializes in residential and commercial needs from their retail location however also distributes products to Garden Centers and dealers all around Eastern Canada and the United States.

If you see precast statutes, birdbaths, water fountains, planters, patio stones or any other stone design the chances are it was made by Lambe Concrete.

Content

Animals	4-7
Birds, Ducks, Eagles, Owls & Geese	8-9
Deer, Lions & Fox	10-11
Dogs & Cats	11-14
Frogs, Gators & Turtles	15-16

Gnomes	58-59
Pagodas	60
Memorials	61-62
Religious.....	63-68
Stones	68-71
Landscaping & Commercial	72-77
Stone Layouts	78
Precast Slabs	79
New Items	80-83
Previous Project	84-85

Animals

Our products are never identical, textures will sometimes vary when viewed in person or compared to a similar cast item. Each product is individually made using a mold and then hand finished after curing for approximately 28 days.

We carry a very large variety of stock items at our location and accept custom orders for painting. We also have in house artist that are able to closely match photos of family pets or accept inspirational images for colour request if provided by the customer.

Birdbaths

We carry over 70 different birdbath combinations that include a variety of styles. With so many options and sizes to choose from our products can fit a small balcony to a large commercial space.

Most of our customers choose natural concrete rather than applying a stain. If you are interested in adding colour, please speak to one of our representatives for details.

We always suggest placing a patio stone underneath bird bath if left on grass or an uneven surface to ensure it stays balanced. For best care we recommend flipping over the bowl in the winter season to avoid pooling water that will freeze and cause stress cracks.

Fountains

Fountains are a beautiful way to finish off any outdoor space and offer tranquility as well as style. We carry a large variety of unique designs to ensure our customers will find something that they love! Most of our fountains have interchangeable pieces allowing buyers to customize their purchase to meet their individual needs.

There are a few things to consider when shopping for a fountain such as placement and ensuring the item will be near both a water and electrical source. Pumps, tubing and additional supplies can also be provided, and our onsite representatives will be happy to answer any questions that you may have.

Our fountains are made to last a lifetime and for the past 3 decades have stood the test of time.

Gazing Globes

Gazing globes come in a multitude of styles and colours. Ranging in sizes of 6", 10" and 12"

Benches & Tables

We offer several styles of bench and table combinations.

Tables can also be piped to hold umbrellas.

Real wooden whisky barrels have concrete tops that look like real wood. These are perfect for events or restaurants or home bars.
